## **INDUSTRIAL FIRE PRECAUTION LEVEL RISES** **ON ODF-PROTECTED LANDS** **IN JACKSON AND JOSEPHINE COUNTIES**

Increased fire danger on forestlands protected by the Oregon Department of Forestry's Southwest Oregon District has made it necessary to increase the fire prevention measures on industrial operations, such as logging sites and other commercial operations. Industrial Fire Precaution Level II (two) takes effect at 1:00 a.m. on Tuesday, July 21, and prohibits the following activities:

- The use of fire in any form
- The use of power saws, except at loading sites, between 1:00 p.m. and 8:00 p.m.
- The use of cable yarders between 1:00 p.m. and 8:00 p.m.
- Blasting between 1:00 p.m. and 8:00 p.m.
- Welding or cutting of metal between 1:00 p.m. and 8:00 p.m.

Additionally, commercial operators on forestlands are required to have fire suppression equipment on site and provide watchman service.

These regulations affect all state, county, private and Bureau of Land Management lands in Jackson and Josephine counties.
